2" -2½" Diameter	19.00	180.00
2½"-4" Diameter	25.00	245.00

Red—Pink—Apricot—Scarlet—Orange
Yellow—Rose—Salmon—White

Camellia Double: The flowers are of the Camellia type and very large. This is best for greenhouse culture.

Carnation or Double Frilled: (Fimbriata Plena) This type produces a large double, resembling a carnation in form. The petals are frilled and have serrated edges.

Crispa or Single Frilled: Produces large, profusely frilled and ruffled single flowers.

Hanging Basket or Lloydii (Pendula fl. pl.) This is the Pendula or Lloydii type, containing double flowers only. Often hundreds of blossoms to a bulb.

OTHER BEGONIA TYPES IN MIXED COLORS

The following are distinct types of begonias and come in mixed colors only.

Cristata or Crested Type: A single type, slightly frilled, a coxcomb-like tuft or crest is borne on each petal.

Marginata: A crisper type flower, white with pink edge, and salmon with copper edge.

Marmorata: A camellia flowered double bloom mottled in red and white.

Multiflora: Large numbers of small flowers.

Picotee Double: A camellia type blossom with the edges of each petal in a different shade of color. Available in mixture only.

Rose-Bud: A double type resembling rose buds.

Caladium—Fancy Type

Aristocrat Roses

For Greenhouse Forcing

Plant Pat. No. 903

\$450.00 per 1000

XXX Grade—Picture on Front Cover

You'll quickly recognize the possibilities of this long-stemmed, high-productive rose. Aristocrat has all the beauty and appeal of premium roses. Yet, because of its productiveness and keeping qualities, it can be sold in volume at popular prices.

A QUICK SUM-UP OF ITS ADVANTAGES:

USEFUL . . . this light pink, beautiful by itself, can be used everywhere, with almost anything. Blossoms are lovely in all stages; from bud, through half-open, to full-opened flower. Perfect for cut flowers, bouquets, sprays, table decorations . . . every use.

FRAGRANT . . . yes, this new rose pleases the nose as well as the eye. Has an intense, lasting, "old rose" perfume.

KEEPS . . . as long as two weeks in the refrigerator and stays beautifully firm. Blossoms open well in water; do not shed or shatter. Fully open flower retains shape and beauty.

SHIPS . . . the big, firm buds are hard to bruise. Even after opening, the flowers withstand much handling, vigorous shaking. With stamens exposed, petals still cling.

PRODUCES . . . Aristocrat is a sport of "Pink Delight," yet produces 3 to 5 more flowers than its parent. High-centered, long pointed buds on long, strong stems. Opens to well-shaped blooms of 36 to 40 petals. Healthy, vigorous plants; hardy greenhouse growers; practically mildew free.

Our started buds on Manetti understock are grown exclusively for greenhouse forcing. We are accepting orders for spring budding and delivery during winter of 1950. If you prefer grafted stock we offer excellent grafted plants from certified stock for shipment anywhere in the United States this spring.

Be the first in your market to offer Aristocrat. Wire or air mail your order today.

\$5.50

Prices are the same for all varieties in vertical cordons F.O.B. Oregon.

DWARF FRUIT TREES

Dwarf trees are grown from the same stock as espaliered trees, and have most of their advantages. They require very little space—only one-fourth as much as an ordinary tree. Yet they yield an abundance of delicious fruit. When fully grown, the maximum height of dwarf trees is not over 10 feet, and by proper pruning they can be kept down to six feet. All plants are F.O.B. Oregon.

	Per each
3/8" - 1/2" trunk.....	\$1.00

5-N-1 FRUIT TREES
Five Varieties on One Tree

		Nov. to Feb. Delivery
Sold in Multiples of Ten Only	9/16" 4/5'	11/16" 4/5'
Apples	\$1.25	\$1.60
Peaches	1.25	1.60
Pears	1.25	1.60

Perfect for small area back yard.
The five or more different varieties are budded on standard fruit tree of specially selected stock. For successful culture it is important to see that each limb has a chance to develop equally.

Pears
Five varieties, ripening from August to November, on one big, strong, dormant budded pear tree.
Kieffer, Douglas, Garber, Bartlett and Early Harvest.

Apples
Made by budding six different, carefully chosen varieties on a selected specimen of standard apple, bench grafted and 2 or 3 years old.
Winesap, Yellow Delicious, Red Stayman, Lodi, Double Red Delicious and Grimes Golden.

Peaches
Five different peaches, chosen for flavor, quality and full season bearing, budded on one of our "dormant bud" standard peach trees.
Early Rose, Golden Jubilee, Belle of Ga., Elberta and Indian Cling.

KENTIA PALMS

Pot Size	Height	Firsts Price	Decorator Price
5"	23-27"	\$3.46	
6"	16-20"	1.46	
	28-32"	6.33	\$4.40
	33-37"	7.00	
	38-42"	7.66	
7"	28-32"	7.66	
	33-37"	8.33	
	38-42"	9.00	

Decorators will be shipped into all western states, plus Texas and Oklahoma. None will be shipped elsewhere.

We use the old standard Kentia measurement for obtaining height: the measurement is taken in inches from the top of the pot to the lowest blade on the tallest fond and to this is added the diameter of the pot. Our measurements are thus somewhat less than the actual overall height.

All Plants on this Page F.O.B. Los Angeles except Saintpaulias are from San Francisco.

Tree Fern Totem Poles

These natural growing forms eliminate all the preparatory work you had in the old fashioned totems, such as wiring and mossing.

All Climbing potted plants grow more easily on these natural poles. This is especially recommended for cut-leaf Philodendron.

Labels

Permatag—Aluminum Plant Markers—a unique and easy to handle marker designed for identification of all types of plants and nursery stock. You merely write the name into the metal and it becomes permanent—will never wear off. Rust and weather proof, will not darken with age or change color. Permatags are not expensive, costing very little more than wooden labels. You will find Permatags the most popular plant marker you have ever sold. Display card (36 pkgs. 24 labels per pkg.).....\$5.40 per card Bulk quantities for nursery use

Packed 1,000 per carton..... 4.98 per carton

Embossed Permatags

Embossed with name of your nursery—one line only.

BIRD VITA-BAND PLANT BANDS

VITA-BAND 40: Growers are reporting outstanding results in vigorous well-balanced growth. Exclusive nutrient treatment affords a liberal supply of balanced plant food. Transplanting shock eliminated, saving 1 to 3 weeks set-back. Sturdy fibre resin construction maintains best moisture conditions with watering frequency cut 50%. Save space and growing time. Quick set-up and rapid removal.

VITA-BAND 10: Designed for growing periods of 8 to 10 weeks. A low-cost nutrient treated band especially good for annuals and vegetables. Produces growing results similar to Vita-Band 40.

Fertilizer

Hyponex is a clean, odorless, soluble powder which, with water, is a complete plant food. It grows bigger and better plants in poorest soil, even in sand, cinders or water—indoors or outdoors. Assures larger and more flowers, increased quantities of vegetables, and more prolific growth for grass, plants, bushes and trees. 1 lb. makes 100 gallons; 1 oz. makes 6 gallons; 1 teaspoon makes 1 gallon.

HEATING CABLE SETS

Gives You Better Germination—Faster Propagation—Healthier Plants Ready in Time for the Early Markets

F.O.B. San Francisco or East Coast

Cable—For outdoor frames or greenhouses where heating cable is buried in the soil but the surrounding air is not heated by other means, approximately 10 watts per square foot of surface area is required.

In greenhouses etc. where the air as well as the soil is heated, approximately 5 watts per square foot has been found adequate. Heating cable is rated 6-2/3 Watts per lineal foot. It **must** be used in multiples of 60 ft.

60 ft. cables	400 Watts	110 volts
120 ft. cables	800 Watts	220 volts
240 ft. cables	1600 Watts	440 volts

Therefore a bed with soil heating only, with area of 160 square ft. should be heated as follows:

160 sq. ft. times 10 watts/sq. ft. = 1600 watts
For 110 volts, use 4- 60 ft. lengths in parallel.....1600 watts
For 220 volts, use 2-120 ft. lengths in parallel.....1600 watts
For 440 volts, use 1-240 length.....1600 watts
110 volt Heating Cable— 60 feet.....\$10.75
220 volt Heating Cable—120 feet..... 20.75

Thermostats

For small jobs using only one or two of the 110 volt cables, the light duty thermostat is most economical. Do not use on voltage greater than 110 or more than two 110 cable sets.

For larger jobs, the heavy duty thermostat with bulb set in soil and with box containing electrical mechanism remote; the connecting tube is 18" long. This thermostat can be used for maximum of six 110 volt cable sets or six 220 volt cable sets.

Cat. No. 366X54—Light duty Thermostat.....	\$ 7.50
Cat. No. 4980281G18—Heavy Duty Thermostat..	13.65

Heavy duty Thermostat Assembly. Thermostat wired to a duplex outlet box and cord set. Cat. No. 4984571G2.....\$17.45

Complete book of instructions is packed with each cable set.

Use the cable in hotbeds, solid frames or greenhouse benches.

Bring in your crops earlier with these Cable Sets than your competitor who does not utilize them.

ATTRACTIVELY ROOT WRAPPED DECIDUOUS SHRUBS AND SHRUBS

F.O.B. Washington

NORTHWEST GROWN two year old shrubs. Each shrub will be carefully root wrapped, in an attractive waterproofed paper. A descriptive lithographed color picture, bearing the variety name, also adequate planting instructions, will be attached to each shrub. The roots will be packed with enough damp moss to insure preservation on display counters for approximately four weeks. The tops will be tied and dipped in special wax for the purpose of retarding deterioration. Minimum ordering in units of not less than 50 assorted shrubs and berry plants.

SHIPPING WEIGHT—Approximately 1# per shrub—packed.

SOIL-AIR

DEALER PRICE (Delivered free San Francisco and Bay Area including Oakland, Richmond, Alameda, Albany, Berkeley, south on Peninsula to and including Palo Alto):

60 cu. in. cellophane bag.....	\$ 1.20 per doz.
140 cu. in. cellophane bag.....	2.80 per doz.
2½ cu. ft. bag.....	14.00 per doz.

This is **SOIL-AIR**—a brand new Soil-Conditioner that accomplishes revolutionary results!

HERE'S WHAT SOIL-AIR DOES:

Aireates the Soil—The sponge-like cells of **Soil-Air** furnish "pores" to the soil. **Soil-Air** breaks up clay and adobe soils.

Retains Moisture—**Soil-Air** absorbs water and plant food contained in the soil. It holds these elements close to plant roots, retaining essential nourishment.

Insulates Against Cold and Heat—**Soil-Air** is one of the finest insulators known. It's outstanding as an all season mulch.

WHERE TO USE SOIL-AIR—POTTED PLANTS, SEEDLINGS (Excellent for new lawns), BULBS (Can be started in just **SOIL-AIR** and water), ROOT-CUTTINGS, FLOWER BEDS, VEGETABLE GARDENS.

WHAT THE EXPERTS SAY ABOUT SOIL-AIR—Horticulturists, Nurserymen, Gardeners, and Housewives acclaim **SOIL-AIR** as one of the **finest** mediums for conditioning the soil. They have found it cheaper to use, lighter than other soil conditioners, and more productive of healthy, well-nourished plants, seedlings and bulbs.

Bloom-Rite

Reg. U. S. Pat. Off.

TERMS OF SALE

1. Costly back ordering means time lost in starting crops. Rather than keep you waiting for items that are delayed or are scarce, we will substitute with varieties equally good or better unless you say "No Substitute."
2. No complaints entertained after five days from receipt of merchandise.
3. All orders are accepted subject to cancellation in case of crop failure and other conditions beyond our control.
4. We supply 250 at the 1000 rate of each variety, except where specified to contrary.
5. This price list cancels our previous lists and quotations. No orders, please, for less than \$5.00.
6. All prices subject to change without notice.
7. Terms—Customers not having an established account with us, please send remittance with order. 50% in advance on all C.O.D. shipments.
8. All stock travels at risk of purchaser. This stock is carefully packed and we hold "good order" receipt from the Transportation Co. for same. There our responsibility ceases. If the stock reaches you in bad condition accept it "in bad order," notify agent and bring claim against the Delivering Co. for damage caused by their negligence, as no allowance for this cause can or will be made by us.
9. The Nurserymen's Exchange gives no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out; they will be in no way responsible for the crop.
